

Letters to the Editor

This is your newspaper. Write to it. Letters criticizing the editorial policy or commenting upon items in the news columns, are equally welcome. Every writer must sign his name and address but publication of name may be withheld if requested.

He's Agin It

Editor, The Star: There is a movement on foot relative to "Federal Aid to Education", and constituents are being urged to write their congressmen pro or con. With all due respect to our able and undernourished educators, it would appear that this movement is more political than educational. The general idea seems to be that the federal government is going to take the bill for certain educational expenses. These expenses are those which have, adequately or inadequately, been borne by the states. Undoubtedly we, as a state, are entitled to a national need more educational support. But, is the federal government the proper source for such support? Let's see: The overhead of another bureau would be up some unspecified percentage of the total taxation. Then the state administration (which we already have) would eat out another unspecified percentage. By the time it got down to Bill Doe's share, it would be so small that it would get about ten minutes of time at a lecture which he forgot the date of so he did not attend.

When it gets down to brass tax it appears to be another way of usurping States' Rights. We Southerners (whether born-to-the-purple, or merely reconstructed by the Yankee) feel toward States' Rights as Patrick Henry did toward Liberty. And by the way, brass tax was not misspelled; we mean tax, not lacks. If we are going to improve education, we might as well put our taxes on it. This state and administration are through state channels instead of pyramiding on the overhead of another Federal Bureau. And if Uncle Feds foot the bill, it ain't for free. It costs in taxes, dilution of policy, and all the other things that the usual mortgage entails.

So, it seems to this critic, that when we write our legislators we should be agin the measure, but with the thought not too far back in our mind that we should be prepared to chip in for a state sponsored increased taxation for educational purposes, and not be preoccupied with any reasonable state tax for education. Yours very truly, PAUL W. KLIPSCH

Earthquake Hits One of Dominican Republic Islands

Ciudad Turillo, Dominican Republic, April 22 —(AP)—Several earthquakes shook the island of Hispaniola yesterday. No casualties and only slight damage were reported.

Dispatches from San Francisco De Macoris, an island city north of here, said the walls of several buildings were cracked and weakened there and stores were closed because merchandise was thrown off the shelves. At Santiago, the

Uncertain

Continued From Page One products in the stores. It didn't hurt because the basic products continued to increase in price. U. S. Steel's refusal to raise wages also commands the interest of the business world. Steel has set the wage pattern for industry frequently in the past. And recently that trend has been up and up. Business men note that Chrysler also is saving no to union wage demands. General Electric and Westinghouse are saying no to the electrical union. The packing house workers have been on strike five weeks because the packers said no to their demands. John L. Lewis in conflict again with the federal courts, will face the coal operators on the wage issue in June.

Management has contended they can not cut prices as long as the wages increase. Business leaders see the coupling by U. S. Steel of price cuts and no wage hikes as hitting at the basic issue, inflation. Washington officials say the psychological effect will be good. It is for other reasons that deterring others who may have been planning price hikes.

But there are many who minimize the importance of the steel price cut. They point out that the amount of all the steel in the average automobile costs only about \$80. They doubt if the steel cut — in an amount as yet unannounced — will make any noticeable reduction in the price of the car at the dealer's. The steel cut of \$25 million annually is offset many times by the recent freight rate hikes, estimated to add \$300 million to the nation's annual rail bill.

Detroit car makers point out that their real trouble is getting steel, not paying for it. Steel shortages will lay off 200,000 General Motors production workers tonight. And in Baltimore, Eastern Steelless Steel Corp. announced yesterday price increases up to 17 per cent on its steel sheets and plates.

Philip Murray, president of the steel workers union and of the CIO, derides the steel cut as too small to matter. He and other union leaders say that steel and other industries can pay the demanded wage hike out of "swollen profits."

The public, however, is watching to see if maybe this time at last a bolt has been called to the attack on its pocketbook.

3-Year Prison Sentence Given Jonesboro Gambler

Jonesboro, April 23 —(AP)—The first conviction resulting from a recent Craighead county grand jury investigation of alleged gambling operations and bootlegging resulted in a three-year prison sentence for Joe Buchanan of Jonesboro.

Buchanan, operator of a road house near here, was convicted by a circuit court jury yesterday of keeping a gambling house. Formal sentencing was delayed by Judge Charles Light until May 3, and defense attorneys indicated a motion for trial would be filed.

The grand jury returned 70 indictments against 27 persons in its gambling and liquor probe. Craighead county is legally "dry." Another defendant, Al Sorrento, operator of the Flying Tiger club, pleaded innocent when arraigned on four indictments.

center of the city was evacuated for a time for fear of sharper shocks to come. Several shocks also were felt in Haiti, on the western end of this island.

Voters Want

Continued From Page One man's civil rights bill and there is less enthusiasm for his candidacy than the voters might wish. But the president will be nominated unless he withdraws, which is not likely.

The suggested swing by train across country now would be a useful warman for the campaign to come. The president would use the experience. It would not be a bad idea, either, for Mr. Truman's White House associates to have a chance to practice running a campaign train. None of them knows much about the technique of doing that.

As a candidate for vice president in 1944 with FDR heading the ticket, Mr. Truman's position and part were secondary. But this time he will be head man. A presidential campaign frequently is compared to a circus. One difference always noted by newsmen who accompany presidential campaigns is that the train seems to run uniformly to be better organized and run than campaign trains.

Mr. Truman skipped the opportunity to tour the country in the 1946 congressional campaign. Rationing troubles, especially on food, had pretty nearly put the president in the dog house. He and his advisers evidently felt a campaign tour by Mr. Truman would not help Democratic congressional candidates. It must campaign this year and look like he may be planning an early start.

Diver, Rescued

Continued From Page One trench with power hoses.

The diver was then brought slowly to the surface, to avoid giving him the "bends"—cramps caused by too quick a change in pressure. "Thank God I'm alive," were Christiansen's first words on reaching the surface.

He was taken to the navy's decompression chamber at Bayonne where he was kept for five hours before being taken to the hospital. His wife, Clara, 42, never knew of the danger her husband was in until he was brought home. She was out of town attending the funeral of her mother, and did not learn of his untold by their six children.

Rural Beauty

Continued From Page One street hurrying toward what they hope for or they fear. And buildings hunched in shadow wait like timeless idols.

Something happens to everybody between the time the sun goes down and when it rises again. But to someone somewhere in this town it will be a day never forgotten. If it wasn't your day today or yesterday — it may be tomorrow.

Dawn is for those who missed something the night before. The city is new in the morning and the sight of life is wiped clean.

The towers shoulder a mist. They stand for all the things you believe in and never quite achieve. They are stone forests of peace — the peace all men seek.

Sometime, somewhere, you will be away from this city and remember it. You will remember it at dusk, and remember it at dawn.

There is no other place in the world like it. And, if you are lucky, you will remember it for some time. It happened to you in it and left you with a pang you never can outgrow.

If you don't remember it that way — then you never knew New York.

Victory Exposition Shows Here Starting Monday

Spectators as well as participants enjoy the Fun House. One of the many features with the Victory Exposition shows playing here all next week, auspices American Legion. Located north side Fair Park.

Market Report

ST. LOUIS LIVESTOCK

National Stockyards, Ill., April 23 —(AP)—Hogs, 11,000; weights 170 lbs up and sows 1.00 to 1.25 lower than Thursday's average; lighter weights 75 to 1.00 lower; bulk good and choice 170-230 lbs 21.00-50; top 21.50 mostly for 180-220 lbs; 230-240 lbs 20.50-21.25; 240-270 lbs 19.00-20.50; 270-3 lbs 17.75-19.00; 130-160 lbs 18.50-21.50 100-130 lbs 15.50-16.00; few 16.25; over 450 lbs 14.25-15.25; stages 11.50-13.50. Cattle, 600 calves, 700; not enough steers to warrant mention; odd lots medium and good heifers and odd mixed yearlings 24.50-27.50; these and other prices generally steady; odd head good cows around 23.00-50; common and medium beef cows 19.00-22.00; few canners below 15.00; medium and good sausage and beef bulls 23.00-24.25; good and choice vealers 26.00-32.00; common and medium 18.00-26.00. Sheep, 200; virtually nothing on which to base market; few head good and choice wooled lambs 25.50-26.00; few good No. 2 skins 23.00; odd head slaughter ewes 11.00-12.00; market nominally steady.

NEW YORK COTTON

New York, April 23 —(AP)—Cotton futures declined today under pressure of profit taking, liquidation in nearby May, and selling on higher cotton acreage ideas. Increased liquidation was prompted by the approach of first cotton day next Tuesday, while at the same time certificated cotton stocks increased sharply by 1,116 bales to 76,291 bales. Losses in futures extended to \$2.75 a bale before the market recovered partially on mill buying and short covering. A flurry of selling in late dealings touched off stop-loss orders and carried cotton futures into new ground for the day with losses extending to \$2.75 a bale. Futures closed \$1.45 to \$3.05 a bale lower than the previous close. May high 38.45 — low 37.99 — last 37.99-38.01 off 59-61. July high 37.62 — low 37.15 — last 37.15-37.21 off 59-59. Oct high 33.56 — low 33.25 — last 33.25-34 off 30-39. Dec high 32.07 — low 32.41 — last 32.49 off 29. May high 32.40 — low 32.16 — last 32.17 off 37. Middling spot 33.69N off 66. N-nominal.

GRAIN AND PROVISIONS

Chicago, April 23 —(AP)—Grains dropped sharply for the second straight day today. In a nervous and active trade, wheat led the market lower in response to more news in the southeast and a reduction in the government's cash wheat buying price. There was a minor rally at one time, based on a statement by D. A. Fitzgerald, head of the economic cooperation administration's food division, that grain exports next crop year are expected to total 475,000,000 bushels. This was 75,000,000 bushels over earlier estimates. Wheat closed 6 to 6 3/4 lower. May 2.41 1/2-3-3, corn was 3 7/8-6 1/2 lower, May 2.16 1/2-2.17, oats were 1 3/4-2 3/4 lower, May 1.09 1/4-1, and soybeans were 3 1/2-8 cents lower, May 3.96. Cash wheat was sold today but the market was quoted lower in company with futures trading; basis one to two cents less; receipts two cars. Corn was sharply lower with the futures; basis unchanged to a cent higher, looking 31,000 bushels; shipping sales 11,000 bushels; receipts 67 cars. Oats were down also; bai unchanged.

Foreign Duty

Continued From Page One

Washington, April 23 —(UP)—Sen. Owen Brewster, R. Me., today raised the possibility of action by Congress to prevent President Truman from sending U. S. troops to Palestine without a Congressional okay.

Brewster's question whether President Truman has the authority to do so strictly on his own even if the troops are sent to the Holy Land as part of a United Nations force.

President Truman apparently had no doubt that he could. He told a news conference yesterday that he is commander-in-chief of the armed forces. And he said he has what he considers ample historical precedent for such action.

U. S. Delegate Warren R. Austin told the U. N. assembly Tuesday that this country would send troops to enforce a trusteeship in Palestine if other nations do.

President Truman emphasized that American troops would be sent abroad to keep the peace only as members of a U. N. force.

Brewster contended that President Truman could not do this without prior approval of Congress unless the troops were dispatched to protect American lives or property abroad.

He said the House and Senate could pass a resolution against the president's sending American troops to Palestine without prior congressional approval. He said he would "await further developments" before deciding whether to make such a proposal.

Senate President Arthur H. Vandenberg, R., Mich., declined to take a side on the issue. When questioned by Brewster on the Senate floor, the Republican leader on foreign affairs said he was unable to answer "conclusively."

He said the matter was "in that borderland area of twilight zone presidential authority which has been a subject of controversy for nearly 150 years."

"There is a general constitutional power in the president to use the armed forces externally for the protection of American life and property and the national interest without the direct license and direction of Congress," Vandenberg said.

But he added that he thought this authority was "without any specific boundaries."

Brewster said use of these general powers in the past could not be considered a precedent in the Palestine case because U. N. did not exist then.

Danes Will Fight Reds, Says Envoy

Washington, April 22 —(AP)—Josiah Marvel, Jr., U. S. ambassador to Denmark, said today he is convinced the Danes will defend themselves resolutely against any Communist menace.

Marvel made the statement at the White House after calling on President Truman. The ambassador plans to fly back to his post next Tuesday.

He told reporters he is sure that what happened in April, 1940, will not happen again. He referred to the Nazi occupation of Denmark.

Asked if he shares the fear of some Danes concerning possible Russian aggression against Denmark, Marvel replied:

"Of course, that part of the world has some reason to be nervous by the threat of communism. They are very close to it."

Arrested for Putting Out Pamphlets

Memphis, Tenn., April 21 —(UP)—Henry Coretz, 26-year-old Chicago violinist, was in police custody today because he said he passed out Socialist Labor party literature in the city.

Police Commissioner Joe Boyle who ordered the arrest minutes before Coretz was scheduled to play in an orchestra on the roof garden of a swanky downtown hotel told reporters "we are not going to have Bogota, Columbia, trouble in Memphis."

Coretz was charged with disobeying a court order without a permit and threatened breach of the peace. Two deputy inspectors accomplished the arrest so quietly that even Orchestra Leader Benny Strong didn't know what had happened.

Reporters were not allowed to talk to Coretz after the charges were preferred. Coretz said that he was a member of the Socialist Labor party, not associated with the party generally known as the Socialist party. He said he was a candidate for the office of trustee of the University of Illinois.

It was the second time within the week that Coretz was arrested for passing out pamphlets. Coretz was taken into custody Sunday and held without charge. He said that he was denied the privilege of calling anyone after police picked him up in a north Memphis residential section.

Australia Is for Partition of Palestine

Lake Success, April 22 —(AP)—Australia demanded today that the United Nations proceed immediately to carry out partitioning of Palestine.

The Soviet-satellite bloc also opposed its attack on the United States proposal to shift from partition to trusteeship.

In a direct challenge to the American proposal to discard partition, Australia laid a three-point motion before the 11-member political committee of the U. N. General Assembly.

The Australian resolution proposed that the assembly direct the five-nation Palestine partition commission to:

1. Proceed immediately with the creation of provisional councils of government for the projected Jewish and Arab communities in Palestine local military forces for the two new countries.

2. Take over the civil administration in Palestine in cooperation with one or both of the provisional governments when Britain terminates the mandate May 15.

3. Call on the Arab countries to prohibit their nationals from taking part in the Palestine fighting. France pleaded before the committee for urgent action to safeguard Jerusalem's people and holy relics.

EDITOR DIES

Corning, April 23 —(AP)—Clyde C. Estes, retired editor of the Clarion County Courier, died here yesterday after a heart attack. He was 78.

He retired from the editorship 15 years ago. Two sons, A. C. and W. W. Estes, have edited the paper since then.

In addition to his sons, he leaves his widow and a daughter, Mrs. J. A. Hancock of Paragould, Ark.

A new container, claimed to be radon-proof, for air shipment of photoflash bulbs has been announced.

Good Crowds Greet Cotton States Loop

By The Associated Press The four winners of the Cotton States baseball league opening games maintained their good starts last night by second victories.

Greenville, Pine Bluff, Helena and Natchez won their games and thus kept up their 1,000 per cent record.

Although off hit 10 to eight, the Greenville Bucks pounded out a 7-1 victory over Greenwood. The Bucks put the game on ice in a wild eighth inning which saw five runs across the plate.

At Clarksdale, Helena captured eight hits with six planter errors to score a 6-2 victory. Johnson held the Pirates to five hits while his mates collected eight.

Natchez eked out a home grounds victory over El Dorado by the tight score of 2-1. The Indians scored in the first and eighth innings, while the Oilers were able to drive in only one tally in their half of the ninth.

At Hot Springs, the Bathers lost their second game before home crowds by taking an 8-5 beating from Pine Bluffs Cardinals.

Hot Springs scored all five runs in a blistering seventh inning in which six Bathers slammed doubles. But that was the only surge of Bather strength. Cardinal pitching effectively blotted further efforts.

13,800 Strike in Boeing Co. Wage Dispute

Seattle, April 22 —(AP)—A strike of Boeing airplane company's 13,800 employees began early today over a wage dispute.

The strike followed a failure of federal conciliators to bring about a meeting between the aeronautical mechanics union (ind) and company representatives.

The company yesterday turned down union proposals for a wage increase of 30 cents an hour or for arbitration of their wage dispute.

Each side has contended that the other wanted to arbitrate "on its own terms."

The plant is producing B-50 bombers and strato-fighters for the army.

DAR Still Is Opposed to World State

Washington, April 22 —(AP)—The Dight of the American revolution today renewed opposition to any "superstate or world government."

At the same time, however, the DAR Congress gave its support to the idea of a world organization such as the United Nations.

"It has become increasingly clear that there can be no lasting world peace until there is international cooperation among the peoples of the world," a resolution said.

The delegates adopted the resolution after hearing Mrs. G. L. H. Broussard of Greenwich, Conn., honorary president general, describe the idea of a world government as "deadly dangerous."

"She said many women are joining the movement in an erroneous belief that it means peace."

In other resolutions, the DAR: Declared itself "heartily in accord" with the "much needed" Booker T. Washington Memorial at the Franklin County, Virginia, birthplace of the Negro educator. The memorial includes an industrial training school and an interfaith chapel.

3. Urged Congress to provide adequate schools, additional hospitals and land reclamation projects for the Navajo Indians.

Daily Bread

Continued From Page One spite of all his denials, those purposes still have all the appearances of being directed toward appeasement.

FAKE "DIAMONDS" Sapphires often are passed off as diamonds. When the color is removed from the sapphires, even experts find it difficult to distinguish them from diamonds.

Research veterinarians say dogs can digest and assimilate starchy foods, despite widespread notions to the contrary. Bones are not essential to a dog's diet.

JOHN GORDON PRESCOTT
CECIL E. WEAVER

Joe Dildy to Be Coach at Hot Springs

Hot Springs, April 23 —(UP)— Joe Dildy will return to the Arkansas high school football scene next fall as head coach at Hot Springs.

Dildy, now coach at Hutsville, Ala., high, was named by the Hot Springs school board in a lengthy session last night to succeed Joe Ensminger, whose contract expires June 1.

The board said Dildy had agreed to sign a one-year contract.

Dildy, former Alabama grid star had assistant coach at the University of Mississippi, produced two Arkansas high school conference champions in five years at Blytheville, 1937 and 1941. He moved to Ole Miss to serve as line coach until he entered the army air forces, where he served as a physical education officer with the rank of first lieutenant.

Following his discharge from service, Dildy coached one year, 1946, at Hope, Ark., high school. He became coach at Hutsville last year.

Dildy played his high school football at Nashville, Ark.

It was reported Dildy's salary would be \$3,600 a year. Ensminger, who had two unsuccessful seasons here, was paid \$3,300.

Helena on Top in the Cotton Loop

By The Associated Press
Helena's bustling Seaporters sat atop the Cotton States League today with a 1,000 average in the percentage column and three straight victories.

The perfect averages of Pine Bluff, Greenville and Natchez all fell by the wayside in last night's games.

The Seaporters stayed on top by thumping the Clarkdale Planters 8-1 at Helena. The Planters matched Helena hit for hit, but the eight Seaporters bingles went for extra bases at crucial moments.

Greenville was jarred into the lost column by the Greenwood Dodgers who combined 16 walks and eight hits to wallop the Bucks at Greenwood. The victory was made even more pleasant by the fact the game was the Dodgers' home opener.

Pine Bluff took its first loss of the season from the hands of the Hot Springs Bathers.

The Bathers beat the Cardinals 6-5 on their own home field after jumping into the lead in the first inning as Charles Schmidt doubled in two runs and then scored on an error.

Razorback Golf Team Seeking Win Against T. C. U.

Fort Worth, Tex., April 23 —(UP)— The University of Arkansas golf team sought a victory over Texas Christian University here today in order to break even on its latest trip to Texas.

The Razorbacks dropped a close 1-2 to 2-1-2 decision to Southern Methodist at Dallas yesterday for their second defeat in four South-west conference starts.

The results:
Richard Smart, Arkansas, defeated Bob Henry, 4 and 3.
Leo Corrigan, SMU, beat James Mosely, 3 and 2.
Jack Bell, SMU, beat Waner Marks, 3 and 2.

Walter King, SMU, and Herman Styles, Arkansas, halved their match.

Smart and Mosely won over Henry and Corrigan, 1 up.

King fell down Styles and Marks, 2 and 1.

Review of High School Sport Events

By JOHN McLEOD
Coach Nolan Lettitt and his highly-seasoned senior tracksters won their meet of the season at a triangular meet at Camden and had tied for fourth place with Benton in an invitational affair at Little Rock.

Tommy Britt, flashy Hope dash specialist, won the 100 and 220 yard dashes as expected. He was Arkansas high school conference relay team leader in the 400 yard race, leading the team to a total of 28 3/4 points.

Buddy Sutton is second in the scoring column with a total of 15 1/2 points. Being one of the more accomplished youngsters of the Hope athletic ranks, Sutton participates in both track and baseball.

His diamond tracks sorely missed him Tuesday, but nevertheless bagged a 6-5 win over Saratoga.

In the border line affair Sutter glided over the low hurdles to oust his nearest rival, teammate Neal in 29.7 for his only first place ribbon. But he wasn't through by any means, he tied teammate Huddleston for third place in the high jump, and placed third in the shot but dropped out participating in the 880 relay victory.

Joe Rooker, a recent transfer from baseball, was asteroid like as he breezed home, second only to teammate Britt in the 220 dash and placed third in the century.

Jimmy Dick Hammons took his first half mile victory of the '48 season and was clocked in 2:18.

Brown of Hot Springs, the boy who won 880 slate honors last season, fell before teammate Baldwin in a recent outing at Little Rock in the time of 2:07. So it looks as if Hammons is really going to have to pull the lid down in the state meet at Little Rock, April 30 if he expects to improve his third place showing of last year.

Coach Lawrence Martin and his diamond demons made the week unanimous for "ye ole alma mater," by coming from behind to defeat a classy Saratoga nine 6-5 at Fair park Tuesday.

Their recent 7-2 victory over personal slugs North Heights left the Bobcats a bit cocky and had it not been for two Saratoga errors in the last of the sixth the Cats win streak might well have been ended at 3 straight.

Hazzard's slow, deliberate delivery had the visiting sluggers guessing for the first five innings and he gave up only one run on four hits and held a 3-1 lead coming into the sixth.

Four singles, a base on balls, and three errors accounted for four Saratoga runs in a brief 3-3 lead for the visiting horsemen.

Dildy, Toga hurler who had magnificently scattered six hits for the first five frames, was tagged for two solid singles in the sixth, but two tag plays were made.

Shortstop Bell attempted to catch and tag Ingram of Hope on Gunters' grounder, but at the last minute threw to 3rd baseman Reed who fumbled, allowing Westbrook to score, the tying run.

SPORTS ROUNDUP

By Hugh E. Fullerton, Jr.

New York, April 23 —(UP)— The way to toss a 16-pound metal ball more than 58 feet, says Charlie Fonville, who broke the world shot put record last week, is "concentration — and then you just try to explode across the circle."

Fonville, who'll have another shot at the shot record in the Penn relays today, has unusual speed and concentration, but most unusual about him is his size. He weighs only 185, which is very small in comparison to most weight-throwing behemoths.

Maybe the reason is that Chuck works in the kitchen of a country house and eats the same grub that the slender gas upstairs get.

Can you blame him for betting malted milks and dinners with Coach Ken Doherty on practice punts? Ken owes him about 40 malts now.

One-Minute Sports Page

Henry Cotton, who seldom gives golf tips for less than \$25 a lesson, maintains that Lloyd Mangrum is the best "swinger" he has seen in the United States.

Charley Conerly who hit his par 36 against the Red Sox, also is a stand-out hitter on the Mississippi baseball team this spring.

And at last report his Ole Miss partner, Barney Foote, weighed 210 and was hitting at the same figure.

University expects big things in football next fall under Johnny Baker's coaching.

Ted Williams, a great light fan, is growing at the rate of a bush.

Washington's Red Sox won only one game. The Reds finally gave up but Riddle didn't and after selling himself to the Pirates' new manager, Bill Meyer, it began to look today as if he would be once again living up to his name among National League batters.

The only blows he gave up were singled by Rookies Hank Schenz and Roy Smalley and he was in trouble only in the fourth when he walked. Three men but he didn't retire the side. Ralph Kiner hit his first homer for the Pirates this year and Danny Murtagh drove in the other runs with singles.

Another sore-arm hurler made an encouraging comeback at New York where Dodger Sophomore Harry Taylor thoroughly tested his arm in a 6 to 3 victory over the Giants. He walked nine but bore down magnificently in the clutch, filling the bases on walks in the second, then retiring the next three men in order. He stranded 12 Giants on the sacks and the only runs scored off him before he was relieved by Homer Casey.

Two others in the ninth, one by reliable Marty Marion, gave the Reds an unearned run and a 4 to 3 victory over the Cards at St. Louis.

Still another sore-arm patient, Howie Pollet, worked well for seven innings in his 1948 debut before tiring, but Relief Pitcher Jim Hearn, victim of the bad fielding, was tagged with the defeat. Relief Harry Gumbert was the victor.

The Braves salvaged the finale at Philadelphia, 10 to 4 on 12 hits. They cashed in on seven walks by Rookie Curt Simmons in two innings to get off to a four run lead, then coasted in. Danny Litwiler drove in four runs with a double and two singles to pace the Braves.

The somewhat amazing Athletics won their third straight from the definitely disappointing Red Sox, 5 to 3, putting over two runs in the ninth when Sara Mole lost a fly in the sun. He ducked to keep from getting hit in the head and the ball fell for a double by Barney McCoskey to drive in two runs. The victory relief pitcher, Bob Savage, started the rally with a single and Eddie Joost followed with a double. Joost got three hits.

The Tigers kept pace with the Athletics by winning their third straight, getting up their runs in a 3 to 2 victory over the White Sox at Chicago in the sixth after Rookie Howie Johnson had held them hitless for five frames. Virgil Trucks scattered eight hits to win his 1948 starter. Doubles by Neil Berry and Hot Evers were the key blows in the big inning.

Elmer Riddle Mound Star for Pirates

By CARL LUNDQUIST

New York, April 23 —(UP)— To Elmer Riddle, who matched up his dead arm with dead gameness, went the accolade of courage today in the infant major league season.

Surgeons once told him he had no chance to do any more pitching but because he wouldn't believe them he was the author of the best game pitched thus far in the National League, a two-hit, 3 to 0 shutout for the rejuvenated Pirates over the Cubs.

Not bad for a fellow who had won only four games in four years. Riddle, hero of Cincinnati's pennant campaigns of 1940 and 1941, came up with the lame arm after the 1943 season and from 21 wins that year he slumped to two in 1944.

It was worse in 1945 when he had only one victory, and he retired from baseball in 1946. He came back last year but was plagued by the same trouble and won only one game. The Reds finally gave up but Riddle didn't and after selling himself to the Pirates' new manager, Bill Meyer, it began to look today as if he would be once again living up to his name among National League batters.

The only blows he gave up were singled by Rookies Hank Schenz and Roy Smalley and he was in trouble only in the fourth when he walked. Three men but he didn't retire the side. Ralph Kiner hit his first homer for the Pirates this year and Danny Murtagh drove in the other runs with singles.

Another sore-arm hurler made an encouraging comeback at New York where Dodger Sophomore Harry Taylor thoroughly tested his arm in a 6 to 3 victory over the Giants. He walked nine but bore down magnificently in the clutch, filling the bases on walks in the second, then retiring the next three men in order. He stranded 12 Giants on the sacks and the only runs scored off him before he was relieved by Homer Casey.

Danny Kaye, Miss Mayo in 'Mitty' at Saenger Sunday

The frenzied day dreams of a romantically frustrated hero are depicted with burlesqued derring-do in Samuel Goldwyn's lavish Technicolor musical which opens Sunday at the Saenger. "The Secret Life of Walter Mitty," Co-stars Danny Kaye and Virginia Mayo, famed duo of "Up in Arms" and "The Kid From Brooklyn," also Technicolor productions under the Goldwyn banner, portray respectively a frustrated young man aspiring to heroism and a glamorous girl who is the answer to his yearnings for romance.

Based on James Thurber's popular story, the film features Boris Karloff, Fay Bainter, Ann Rutherford and the lovely Goldwyn Girls, Julie Thuston, Hall, Flanagan, Gordon Jones, Konstantin Shayne and Reginald Denny complete the principal cast.

Under the direction of Norman MacLeod, the story develops from the boring reality of "Mitty's" life to his sub-conscious where his beat-down ego can be itself. His adventures range from his success as a famed surgeon, operating brilliantly with nippers and egg beaters to his part in a vast international conspiracy, dotted by threatening characters who seem to be fugitives from the more gory pulp magazines. Unfortunately, his day-dream of murder in the diplomatic seat turns into a very real adventure, wherein the mouse-like Mitty becomes a Man.

Among the specialties introduced by Danny Kaye are his Analogue of Paris, a riotous ballad about women's hats and Symphony for Unstringed Tongue, a novelty number.

The most common form of heart disease occurring in early life is rheumatic heart disease.

Calumet Has Two for the Derby

Lexington, Ky., April 23. —(UP)—Warren Wright's Calumet farm, currently turfdom's most successful stable, today boasted a one-two punch for next week's Kentucky Derby—jockey Citation and Speedy Goats.

Coalition, making his first start beyond the sprint distances, hung out a new track record for a mile and a furlong at Keeneland yesterday as he breezed to an easy five-length triumph in the Blue Grass Stakes.

Previously, Citation loomed as the horse to beat when the three-year-olds go to the post next Saturday at Churchill Downs. But Coalition's blazing finish yesterday made it apparent that Citation will get plenty of competition from his own stablemate.

Clear Lytell in Boxing Fatality

Milwaukee, April 23. —(UP)—District Attorney William McCauley today cleared boxer Bert Lytell of responsibility for the death of Jackie Darrhard, 19, who died of injuries suffered in a bout with Lytell.

McCauley said the death was accidental and that no inquest has been ordered.

Darrhard's death yesterday can be charged to lots of hard luck," McCauley said. "We are convinced there was no suspicion of foul play."

Mrs. Mary Darrhard, mother of the victim, came here from Darrhard's home at Kansas City as soon as she learned her son had been injured.

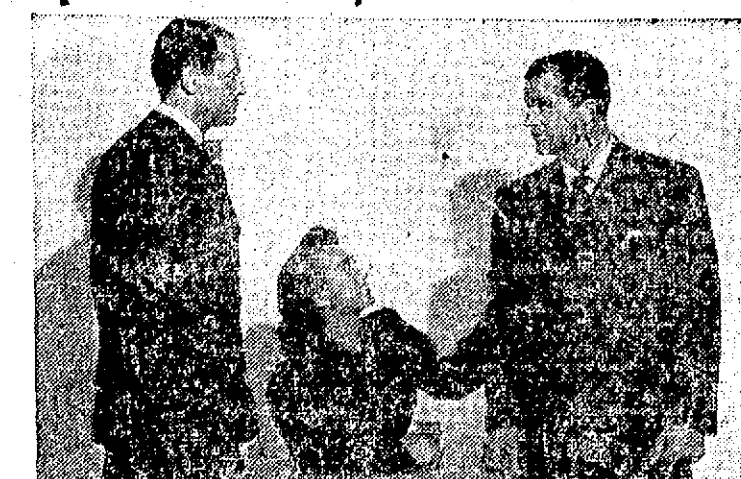

She told Lytell that everyone knew it was not his fault. "It must have been the will of God," she told Lytell, "don't let it ruin your life."

Gobs Due for a Change in Style of Navy Blues

Washington, April 22. —(AP)—Sailors' dress uniforms soon will be minus the famous 13 buttons on the trousers and buttoned cuffs on the jumpers. Instead new dress blues, which will be issued in a few months, will have conventional front trousers with hip and slash side pockets. And coat style sleeves will replace the buttoned cuffs.

Secretary of the Navy Sullivan has approved the changes, it was announced today.

At the Saenger Sunday

Russia Not So Strong, Says Harriman; But Europe Must Be Built Up as a Bulwark

By DEWITT MACKENZIE
Be DEWITT MACKENZIE

William Averell Harriman, newly appointed roving ambassador under the European recovery program, says there has been over emphasis on Russian strength and western European weakness.

The former American ambassador to Moscow, who recently told a congressional committee that the Soviet Union is a "greater menace than Hitler was," holds that if the U. S. A. can get Europe back on its feet, there will be no need to fear pressures from the east. He is confident the Marshall plan will succeed.

The belief that a strong western Europe will be a bulwark against Communist aggression is, of course, the basis of the Marshall plan. And there certainly is much to encourage the hope of success notably the smashing defeat of the Bolsheviks in the Italian national elections.

However, we shall make a terrible mistake if we let optimism lessen our fears of Bolshevism. As Mr. Harriman has truly observed, it's a "greater menace than Hitler was"—and the Nazi dictator was within a hair's breadth of conquering Europe.

Had Hitler succeeded, then would have come the deluge, with no Noah's Ark.

So long as Communist agents and fellow-travelers continue their underground efforts to overthrow governments the world over, just so long will there be danger to free men. That's quite apart from any direct military threat by Russia. Democracy could defeat communism on the battle-field, and still be pulled down by Red agents and traitors boring from within.

Still, it's one encouraging fact that many parts of western Europe are making good progress toward economic recovery. This undoubtedly will be speeded up greatly as the Marshall plan swings into action.

The period of greatest danger is likely to be during the next three or four years, until economic recovery has progressed to a point which will permit military preparedness against aggression. While western Europe on the whole is doing well, it is a long way from being able to equip itself with the sinews of war at this juncture. It must be remembered that, quite apart from the terrible destruction by war in many countries, much of the invaded territory was stripped by Hitler. It's going to take time to repair this damage.

One of the most hopeful aspects of this situation lies in a fact which isn't generally realized. This is that Great Britain, while in very bad shape economically, has managed to maintain a well balanced military striking force.

John Bull has strengthened his air force, his navy, which once enabled him to boast that "Britain rules the waves," is getting back in shape. He still maintains conscription and has nearly a million men under arms including units in various parts of the world. Thus, all in all, western Europe frames up exceedingly well as a barrier against Communist expansion by aggression. Russia certainly would think long and hard before challenging this coalition militarily.

Out of one of the nation's laboratories comes news of a glass that is acid proof, heat-resistant and which permits more ultra-violet light to pass through it than ordinary glass does.

Calm Night Wanted for Field Meet

By CARL BELL

Little Rock, April 23. —(AP)—Few Arkansians give a hang whether the wind blows in Little Rock the night of April 30. But to Robert Pryor, Fort Smith Junior High school sprinter, the matter of breezes is one of utmost importance.

The night of April 30 is when the state junior and senior high track and field meet will be held off at Tiger stadium, and young Mr. Pryor undoubtedly is praying it will be a calm night indeed.

He would like to get his name on the record books in this, his last, year of junior competition before entering senior high.

Pryor, one of the state's most highly touted junior athletes in history, bettered record times in three dashes, the 50-yard dash, the 100 and the 220, in last year's junior meet. But his performances were not allowed by meet judges because of a stiff wind.

Fort Smith coaches felt their protégé could have broken the records without the wind.

Pryor, who as a ninth-grader is as busy as many college half-backs, also is a pretty fair hand at juggling a football and is the principal reason for optimism over Fort Smith Senior High grid and track teams for the next three years.

The state's collegiate football teams are likely to get an even more displeasing taste of Arkansas State Teachers might this year than they did when the Bears romped to the AIC championship last fall.

One reason is the scheduled return to the Conway school of Walter Ed Scales, all-state quarterback of 1945, to go along with Rex Pearce and Co. Scales recently was discharged from the navy as a petty officer, third class.

Not many minor league opening games could match the Pine Bluff-Hot Springs lid-lifter in the Cotton States at the Spa Tuesday night for fanfare and celebrities.

Johnny Rigney, Chicago White Sox farm director and former hurling star, tossed the first ball. The batter was Tony Zale, who'll seek to regain the world's middleweight title from Rocky Graziano after training at Hot Springs. Governor Hot Springs was among the visitors. And Hot Springs Mayor Earl Ricks, famed pilot of Japanese emissaries at the end of World War Two, participated in the ceremonies.

"Round and about: Van Buren High school has decided not to quit the Northwest Arkansas Conference after all and has asked that its application for withdrawal be disregarded. Southern Association baseball writers may or may not do so well on their other predictions this year. But some of them were on the ball in sizing up Little Rock Manager Jack Salzgaver. They said he probably would be tossed out of the first game by the umpires. He was. . . E. L. (Dutch) Harrison, the Arkansas traveler of golf, earned \$171 a stroke in the winter tournaments. He picked up a total of \$4,934.17.

Dickie Thompson, former Little Rock American Legion junior baseball chowder, tossed a three-hitter for Louisiana State University the other day but lost to Alabama, 5-3. A three-run ninth-inning homer spelled his doom.

Osceola to Open New Municipal Airport Sunday

Osceola, April 22. —(AP)—Osceola's new municipal airport will be opened formally Sunday with a breakfast for visiting pilots.

Invitations have gone out to hundreds of aviation enthusiasts in Arkansas, Mississippi, Tennessee and Missouri to attend the event. Contests for the visiting pilots will be conducted after the breakfast.

The airport was acquired recently by Osceola from the Civil Aeronautics Administration which had been using it as an intermediate field.

The best bet for records today rest on the strong arm of fortune teller, Minnesota's discus thrower, and the speed of the Baldwin-Wallace 300-year relay team. Gordien, who has heaved the discus 179.5 feet, should better the Drake run of 161.45. The Baldwin-Wallace team, anchored by speedy Harrison Dillard, could lower its own record of 1:27 set last year.

2,000 U. S. War Dead Coming Home on U. S. Lawrence

New York, April 22. —(AP)—A diver imprisoned for three hours under tons of mud on the bottom of New York harbor was freed and brought to the surface today.

The first words of the diver, Edward Christensen of Oyster Bay, N. Y., after his helmet was removed were: "Thank God I'm alive."

Police officials said he survived his ordeal "in fine shape."

Four frantically-working navy rescue divers, using pressure hoses, cleared away silt and aided Christensen to the surface.

Police aid Christensen was cleaning underwater cable lines with a pressure hose when the mud trench he was working in closed over him.

Only his telephone and oxygen lines kept him in touch with the surface.

Nashville and Mobile in Crucial Game

By The Associated Press

The Nashville Vols, the pre-season favorites, and Mobile, the defending champion, meet tonight in a battle for the Southern Association lead.

The Vols, winner of four straight from the Chattanooga Lookouts, after dropping the season's opener, went into first place yesterday by beating the Lookouts, 7-1. Mobile and Memphis each lost.

The Vols and the Lookouts played only seven innings to enable the former to catch a train for Mobile. Memphis dropped a 2-0 game to Little Rock, and New Orleans gave the Mobile Bears a 6-0 lead and then beat them, 10-7, in ten innings.

In the other game, Atlanta gained an even break with Birmingham in six meetings by taking the finale, 7-5, although outlived, 13 to seven. The triumphs for New

Orleans and Little Rock gave them each two victories in six games with their respective opponents.

New Orleans and Memphis are idle tonight, but Chattanooga plays at Atlanta in a one-game stand, and Little Rock plays at Birmingham.

Milo Johnson, making his first start for Little Rock, held Memphis to four hits as his mates got six off Chuck Eisenmann. Bob Mavris tripled and scored on an error in the second inning for the margin of victory.

Charlie Gilbert, the Nashville slugger, didn't hit any more home runs at Chattanooga, but had two doubles in three official trips to the plate. He had hit seven round-trippers off Lookout hurlers in the first four games.

Atlanta was leading the Barons, 6-0, going into the last of the seventh when the home team rallied for two runs. Then in the eighth, after the Crackers had made it 7-2, Ralph Atkins, Baron first baseman, hit his third home run of the season with two on. That ended the scoring.

Mobile appeared headed for certain victory with a 6-0 lead going into the eighth, but New Orleans rallied for two runs. Then in the ninth, the Vols broke loose for five runs to take a 7-6 lead and drive Pete Wojcik from the mound. The Bears used three hurlers in relief roles with Dale Mathewson being charged with the loss when the Vols counted three times in the tenth inning.
